14-18-20-207-000-0

Dear Mr. McDevitt:

The developers of the Oak Grove Plantation Subdivision, along with Wildwood Presbyterian Church, have petitioned the City of Tallahassee for annexation of the above-referenced properties into the City. The request will go before the City Commission at their two meetings to be held in November of this year.

In order to expedite the development review process for the undeveloped parcels included in the annexation request, we would like to submit our Natural Features Inventory, and subsequent applications, directly to the City. Since the properties are presently in the County, the City Growth Management Department will require a letter from you authorizing them to accept our applications for review. If acceptable to you, could you please prepare such a letter for us? I have attached a map with the subject properties highlighted.

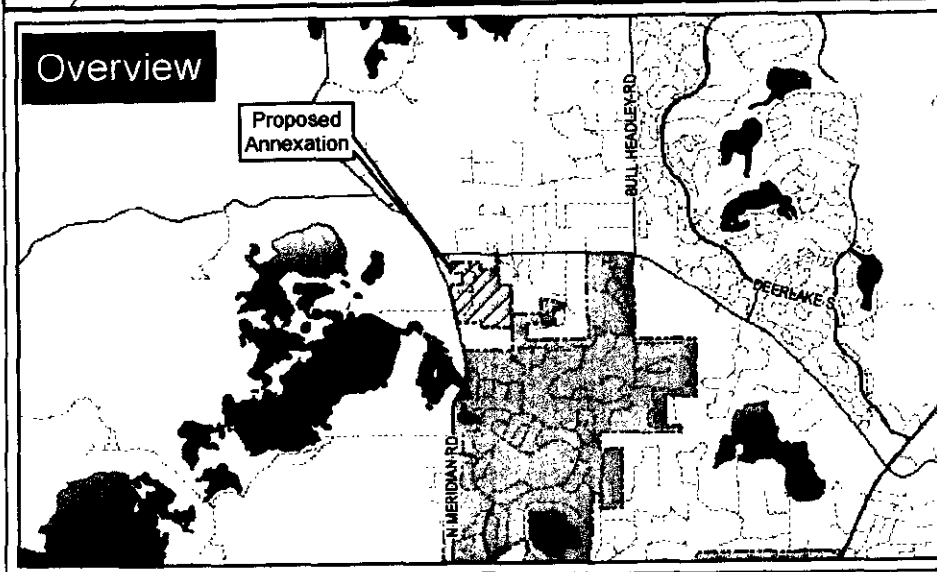

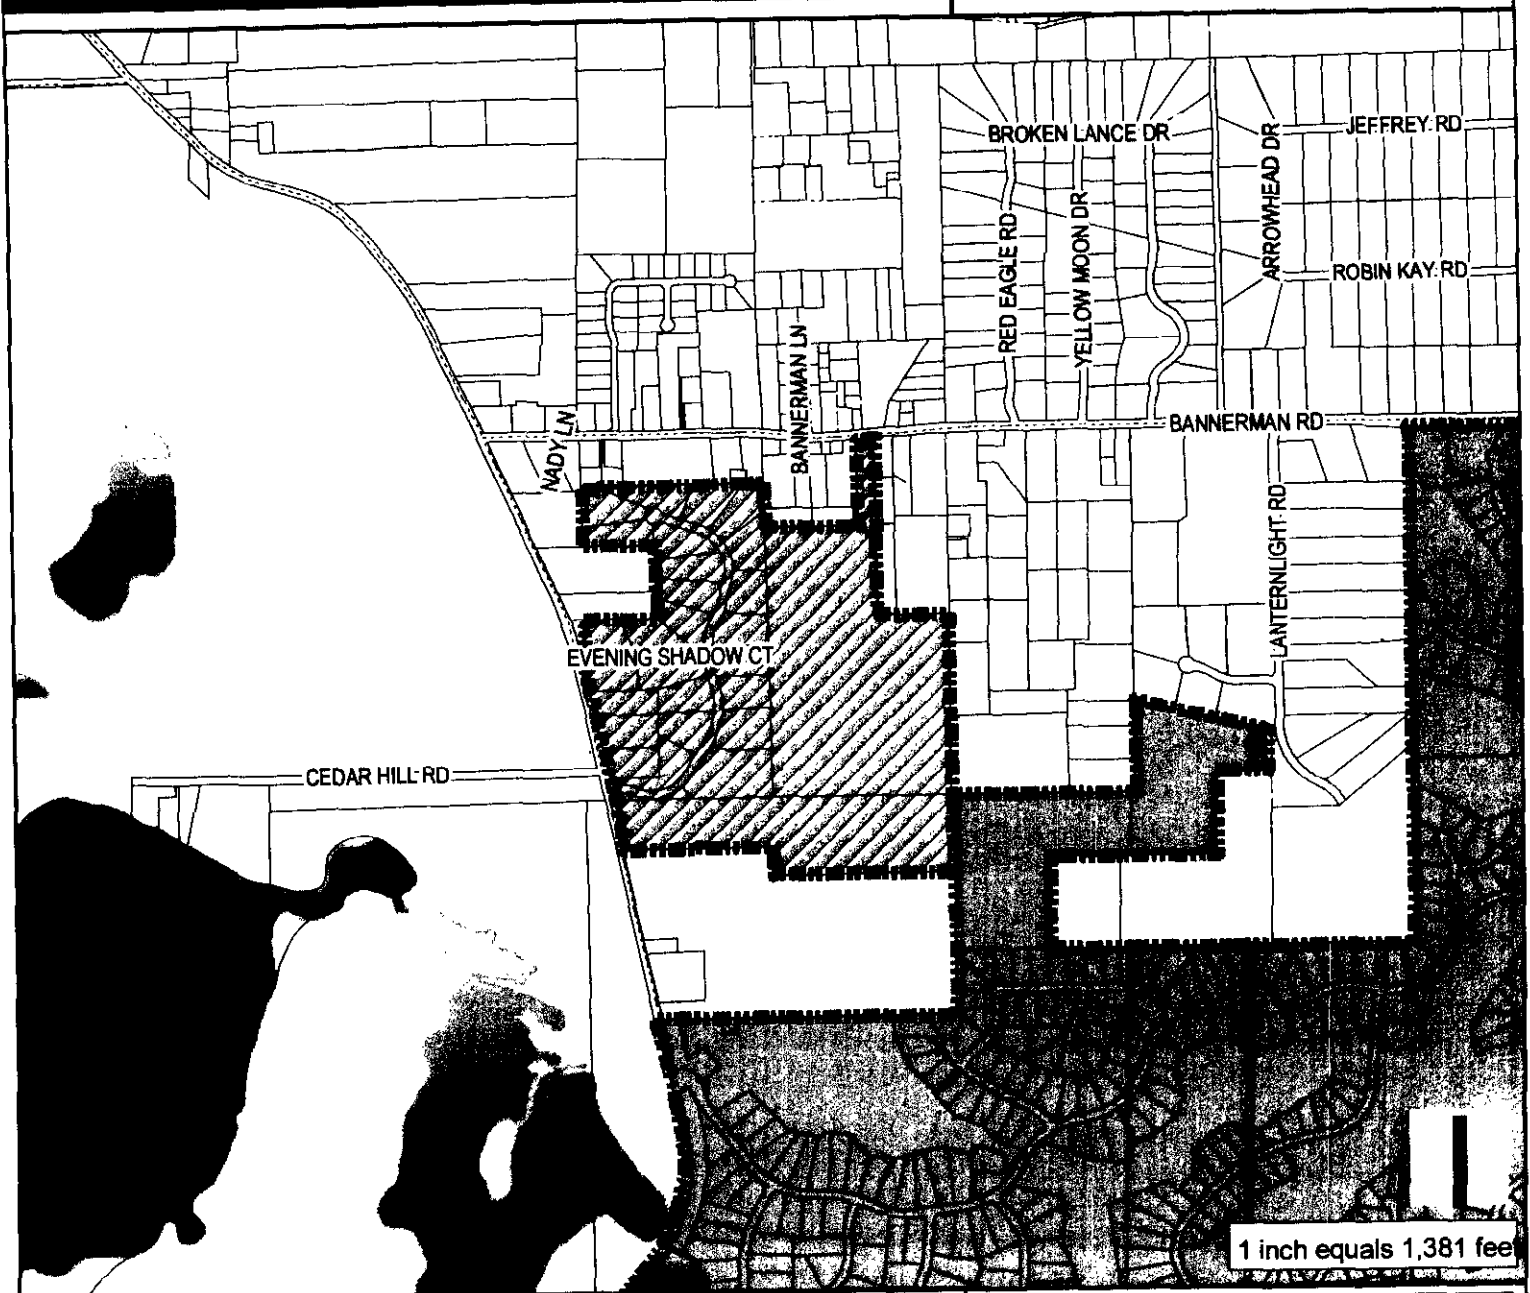

Thank you for your consideration of this request. If you need any additional information please feel free to contact me.

Sincerely,

Jacob R. Jaks, P.E.
